"Finally… an easy-to-use paper management solution for conference chairs.

Conference Reviewing System

CRS

www.conferencereview.com

Affordable

Easy-to-use

Indispensable

Overview

CRS provides a comprehensive online submission and review system for both academic and professional conferences. CRS allows users to submit papers via only a web browser, streamlines the entire paper-review process, and provides full support for conference chairs.

Features

- Support for chairs, reviewers, and authors through one central system. Users have a single account for all conferences year after year, whatever their roles in those conferences.

- Full functionality for management of submissions, reviews, reviewers, and assignments.

- Online form editor.

- Decision board shows you the status of all papers. We also give you full control over visibility of reviews to authors and other reviewers.

- Chat and discussion tools allow chairs to conduct 100% online program committee meetings.

- Free technical support via e-mail for all authors, chairs, and reviewers.

Benefits

- Enables your volunteers to dedicate themselves to selecting a great program!

- Automates and streamlines much of the painstaking work of paper reviewing.

- Saves thousands of dollars in travel and meeting costs by hosting your program committee meeting online. CRS can pay for itself several times in a year!

- It is the most cost-effective solution in the market. Beats even "free" systems that end up costing tons of hours of set up and maintenance.

- CRS can be set up and accepting conference papers within 24 hours of your order. And… it's fully hosted. Nothing for you to set up or maintain.

Online Sign Up & Free Trial

Visit us at www.conferencereview.com to sign up for our 30-day free trial or to access the demo account.

Conference Web Services Packages

RedWhale offers a complete line of services in support of conferences.

- Basic and Custom Conference Websites
- Maintenance of existing conference sites
- Online Conference Registration and Payment
- Digital Libraries for your Conference Proceedings

Pricing

Contact us at sales@redwhale.com or (650) 321-0348 for pricing for your conference. We will ask you for your expected number of submissions and give you two options

- A fixed price per submission
- A flat conference fee

With either option, you will find that CRS is the most cost-effective solution available!
